THE PRACTICE AREA

Histon, Impington, Cottenham, Oakington Westwick, Landbeach and Rampton and parts of Girton (broadly from the A14 Huntingdon road to the south, A10 to the east and villages of Oakington and Rampton to the west). A map of the area is available on the Practice website.

Training Practice

We are committed to teaching doctors in training. On occasions you may be asked for consent to allow medical students to sit in with your doctor, or a fully qualified doctor undergoing higher training may see you.

How to register as a new patient

Please come to reception to complete a patient registration form (GMS1) form and a new patient questionnaire. You will need your NHS number and details of the last practice you were registered with, two forms of identification including one photographic and one with your current (within the last month) address. Our receptionists will be happy to help you.

Booking of NHS Hospital Appointments

Our Medical Administrator will try to contact you to book a convenient appointment time for you. If you need to you can change this appointment at a later date by calling **0345 60 88 88 8** or online at www.nhs.uk/referrals using the password given in your appointment letter. If you need help with this, please call the Practice after 10.00 a.m.

Cambridgeshire and Peterborough Care Commissioning Group

NHS Cambridgeshire is responsible for providing information on primary care services in the area. You can obtain information from NHS choices at www.nhs.uk or by telephoning 01223 725400.

Appointments

We offer same day appointments. If you have registered for online services, appointments can be booked on www.firshouse.com from 7 p.m. on the preceding evening, and by

telephone or in person on the day an appointment is required. Advance appointment bookings can still also be made on line or by phoning the surgery.

If you make an appointment that you cannot keep or no longer need, PLEASE let us know so that it can be offered to another patient.

Home Visits

Please try to telephone by 10.30am if you require a doctor's visit, giving brief details of the problem. Where appropriate, a doctor may call you to give advice instead of visiting, or if you live in Histon or Impington, the community minibus may be able to bring you to the surgery.

Out-of-Hours Services

If you require urgent medical help or advice outside surgery hours, **please call 111** for a situation that is not life threatening. For potentially life-threatening emergencies such as chest pains and/or shortness of breath **please call 999**.

Telephone Advice

If you need to speak to a doctor on the telephone please try to call before 10.30am. If the doctor is not available, you will be called back or be given a time to phone again.

Facilities for the Disabled

Please let us know if you have any access requirements.

Services Provided at the Practice

- **Maternity Care** - Antenatal and postnatal care.
- **Family Planning** - Advice on all types of contraception. You can see any of the doctors or the nurse during normal surgery hours. Coil and cap fittings need a special appointment.
- **Diabetes Clinic** - Tuesday afternoons for patients with diabetes who do not need regular visits to the hospital diabetic clinic.
- **Minor Operations** - Please make an appointment to see your doctor to discuss whether it is appropriate to perform the operation in the surgery.
- **Travel Clinics**
- **Practice Nurses** - Our practice nurse team provides chronic disease clinics and treatments for a wide range of conditions from vaccinations to hypertension.
- **Non NHS Medical Examinations and Services** - Some examinations and services, for example insurance medicals are not covered under the NHS. You will need to make a specific appointment for these services, for which a fee is payable.
- **Repeat Prescriptions** - Can be ordered online: www.firshouse.com, by placing your repeat prescription request in the box at the reception counter or by posting your request. Please allow 48 hours or 2 working days for us to complete your request. The Practice does not take prescription requests over the telephone.

The Rights & Responsibilities of Patients

Our policies and procedures are published on the Practice website. Any questions should be addressed to the practice manager.

Zero Tolerance to abuse

As responsible employers we have a duty to protect our staff in their working environment. If a patient is verbally abusive, s/he will be issued with a warning and if this occurs again s/he will be removed from our patient list. If a patient is physically abusive s/he will be

removed from our list and the police may also be informed.

Patient Participation Group (PPG)

Our PPG is made up of patients from our patient list and meets every 2 months. The group represents patients' interests and encourages interaction between the surgery and the community it serves. The PPG is part of a wider network of patient groups from Cambridgeshire GP Practices. Minutes of meetings are available on the Practice website and on waiting room notice boards. If you are interested in joining the group, please contact the Practice Manager. .

Confidentiality & Patient Records

The records we keep about you are used to ensure that the care we provide is appropriate and effective, and it is therefore in your interests to give us full information about yourself. We also have a duty to keep your records confidential, safe and accurate. There are times when it may be beneficial to you if we pass your information to other health professionals who will contribute to your care.

You have a right under the Data Protection Act 1998 to ask for a copy of all records about you. Under the Freedom of Information Act 2000, you have the right to access all types of recorded information about you held by the Practice. Information leaflets about these are available in the waiting rooms.

Summary Care Records

The Practice created patient summary care records in June 2012. Unless you opted out of it, a summary care record will have been produced for you. Your summary care record will contain information about any medicines you are taking, allergies you suffer from and any bad reactions to medicines you have had to ensure those caring for you have enough information to treat you safely. Your Summary Care Record will only be available to authorised healthcare staff providing your care anywhere in England, but they will ask your permission before they look at it. This means that if you have an accident or become ill, healthcare staff treating you will have immediate access to important information about your health. You can choose to opt out of having a summary care record at any time. Please ask the receptionist for a form to complete and return to the surgery.

Suggestions & Complaints

We welcome any comments or suggestions about the Practice and the services it offers. Suggestions can be placed in the suggestions box in the waiting rooms or sent in writing to the practice manager. Feedback can also be given via the website.

We recognise that despite our best efforts, sometimes things can go wrong. If you have a complaint about the Practice, please ask to speak to the practice manager and hopefully the problem can be resolved informally. Should you wish to make a formal complaint, please put this in writing to the practice manager. You can also seek support from the patient experience team on 0800 279 2535 or to make your complaint externally you can contact NHS England on 0300 311 22 33. Further information about our complaints procedure is available on the Practice website and from the surgery.
