

Fees for Non-NHS Work from January 2015			
Most of the services we offer our patients are free under the NHS.			
Some services are not covered and for these services your GP, like any other professional, will charge a fee. The fee reflects the doctor or nurses time to carry out the service, their professional opinion as well as the cost of other support staff and any materials used such as vaccine in our Travel Clinic.			
Travel Fees - Please note all prices are per dose
